**Contact Person** Dr. Naresh M. Singhi

**Mobile Number** 9820044079

**Email** nmsinghi@hotmail.com

First of its kind in western suburb, founded by Dr. Naresh Singhi who is a pioneer in laparoscopy & G.I.Endoscopy. He has taken extensive advanced training in Germany & USA in the field of laparoscopic techniques and various therapeutic G.I.Endoscopies. He has also taken training in advanced laparoscopic Bariatric surgery for morbidly obese patients and is currently performing surgeries in renowned hospitals in Mumbai like Saifee, Breach candy, Bhatia & Nanavati. Academically he has presented many national and international papers.

**Apollo Obesity Center** is also a dedicated bariatric and metabolic centre. Bariatric Nutritionist Ms.Snigdha Shah is available for pre-surgery and post-surgery diet consultation. Psychiatrist and Physiotherapist facilities are also available. We conduct various seminars and support group meetings every 6 months.

Obesity is a worldwide epidemic and the diseases which can occur due to obesity are becoming increasingly prevalent like Type II Diabetes Mellitus, Hypertension, Hyperlipidemia, infertility, and certain cancers etc. Obese individuals are assessed and only if they have failed losing weight by conventional weight loss techniques, bariatric surgery is recommended. Bariatric surgery not only helps in reducing weight but also helps to cure & control the co-morbidities like Type II DM, Hypertension, and Hyperlipidemia etc. Diabesity is also cured by this surgery.

We offer various laparoscopic weight loss surgeries (Bariatric) like Laparoscopic Gastric Balloon, Laparoscopic Gastric Banding, Laparoscopic Rous-en-y Gastric by Pass, Laparoscopic Sleeve Gastrectomy, and Laparoscopic Mini Gastric Bypass etc
